SUPPLEMENTARY INFORMATION:

Title: Import of Undenatured Inedible Product.

OMB Control Number: 0583-0161.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary of Agriculture (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.) and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). FSIS protects the public by verifying that meat and egg products are safe, wholesome, not adulterated, and correctly labeled. FSIS is planning to request a renewal of this approved information collection because it is due to expire on August 31, 2016. There are no changes to the existing information collection.

Foreign governments are to petition FSIS for approval to import undenatured inedible egg products into the United States (9 CFR 590.45 (d)). Undenatured inedible meat and egg products may be imported into the United States if they meet the requirements of FSIS's regulations (9 CFR 325.11 (e) and 590.45 (d)). Inedible poultry must be denatured, regardless of the intended use (9 CFR 381.193). Thus, undenatured inedible poultry product may not be imported into the United States.

Firms will complete FSIS Form 9540-4, "Permit Holder--Importation of Undenatured Inedible Product" for the undenatured

inedible product that they are importing into the United States. FSIS will use the information on the forms to keep track of the movement of imported undenatured inedible meat and egg products.

FSIS has made the following estimates on the basis of an information collection assessment.

Estimate of Burden: FSIS estimates that it takes respondents an average of 33 hours per year to complete the forms.

Respondents: Importers.

Estimated No. of Respondents: 20.

Estimated No. of Annual Responses per Respondent: 200.

Estimated Total Annual Burden on Respondents: 667 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence, SW, 6065, South Building, Washington, DC 20250; (202)720-5627.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including

through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
